

# Neolia® **Ventilation Grid**

## Designer solution fully compliant with gas regulations

Building

**NEW**

Air vents are required for protection and structural soundness as well as being an important part of detail and design. However, installing them in a dwelling is not an easy task. Thanks to its technical expertise and experience, Nicoll can now offer you a range of grids to suit all your needs.

### Advantages :

Grids can be adapted to pipes of 100 mm and 125 mm diameter

Elegant, discreet design for interiors

Shock and UV resistant for exteriors

Cross-sectional flow area compliant with gas regulations.

Developed in collaboration with «Qualigaz» (french company specialised in gas installation control)

Adjustable version available

Colours : white, sand, anthracite, stainless steel and wood.

100% recyclable

\* La référence gaz = The leading gas solution

habitat A+

### DESIGNER VENTILATION GRID (REF. GDT100B AND GDT125B)

Its design and range of colours add style to interiors and exteriors. It has been designed to maximise the cross-sectional flow area. Its baffled design cuts off external draughts and enables air to be diffused internally. The grid fits onto a pipe and can be removed for easy cleaning.

Reference	Ø pipe	Cross-sectional area
GDT100B	Ø100	50 cm <sup>2</sup>
GDT125B	Ø125	100 cm <sup>2</sup>

### INSECT SCREEN (REF. MOS100 AND MOS125)

Prevents entry of insects without reducing the cross-sectional flow area of the ventilation grid. The flexible screen is easy to fit inside a pipe. It can also be easily removed for cleaning.

Reference	Ø pipe	Cross-sectional area
MOS100	Ø100	50 cm <sup>2</sup>
MOS125	Ø125	100 cm <sup>2</sup>

DESCRIPTION	WHITE	SAND	ANTHRACITE GREY	BRUSHED STAINLESS STEEL	CORK-OAK
<b>VENTILATION 50 CM<sup>2</sup></b>					
DESIGNER VENTILATION GRID Ø100 (50 cm <sup>2</sup> of air flow)	GDT100B	GDT100S	GDT100A		
				GDT100X	GDT100CL
Ø 100 MM INSECT SCREEN WHICH CAN BE ADAPTED TO THE DESIGNER GRID (50 cm <sup>2</sup> of air flow)	MOS100				
<b>VENTILATION 100 CM<sup>2</sup></b>					
DESIGNER VENTILATION GRID Ø125 (100 cm <sup>2</sup> of air flow)	GDT125B	GDT125S	GDT125A		
				GDT125X	GDT125CL
Ø125 INSECT SCREEN WHICH CAN BE ADAPTED TO THE DESIGNER GRID (passage d'air 100 cm <sup>2</sup> )	MOS125
